BGW | Signature Kitchens

“[We have a facility] that was built well, with good materials—that will save energy costs significantly for other projects. Going with Building God’s Way saved God’s people, in our case a Christian school, a minimum of 5 million dollars [on initial construction].”

— First Baptist Church

- **Kitchen design**
- **Rational SelfCooking Center**
- **Tajima safety flooring 100% vinyl**
- **Crane decorative FRP wall paneling**
