

Hearing from God

Part of the BGW | Forward in Faith capital campaign program, Hearing from God isn't just about monetary growth for the church, it is about personal spiritual growth as well. Read what Evangelical Covenant Church in MN had to say about their experience with the Hearing from God program.

"We have been so thrilled at our congregations' spiritual responses from the *Hearing from God* program. So many have shared about the deep and refreshing spiritual times they have had and how close they have felt to God.

"The *Hearing from God* program made me think and examine my heart"

"God doesn't need to prove to me that He is trustworthy, I need to prove to Him that I am faithful.a"

"Everything I have heard these last few weeks has tied into the journal"

Not only did our congregation respond spiritually in wonderful ways as they prayed, fasted, and listened to God, but they obeyed Him because of their love for Christ and His Kingdom- they responded with sacrificial giving! We raised 3.5 times more money than the 2 previous campaigns. After 10 long years of trying - We are finally building a new church to reach the lost and broken, to disciple and grow leaders, to heal the hurting, to train the young and old, and to worship and bring glory to God.

Thank you so much for your inspiration, direction, wisdom, and encouragement in our campaign."
